

MX-MAX

Multi-Terrain Folding Electric Wheelchair

PRODUCT FACT SHEET

Product Overview

The MX-MAX by Mobility Extra is a powerful, heavy-duty multi-terrain folding electric wheelchair built for users who demand more from their powerchair. With a 185 kg user capacity, dual 250W brushless motors, and large high-grip tyres, the MX-MAX handles grass, gravel, park trails and uneven ground with confidence. Front and rear suspension delivers a stable, comfortable ride across all surfaces, while the one-step folding design and airline-approved lithium battery make it equally practical for car journeys and holidays. Despite its heavy-duty credentials, the MX-MAX is constructed from a lightweight aluminium frame and folds compactly for easy storage and transport.

| GENERAL INFORMATION | |
|---------------------|------------------------------------------------------------------------------------------------------------------------------------------------------|
| Product Name | MX-MAX Multi-Terrain Folding Electric Wheelchair |
| Brand | Mobility Extra |
| Model | MX-MAX |
| MPN | MX-MAX-BLK |
| Price (ex. VAT) | £1,399.00 |
